HumasUPNVJ - New student orientation or UPN Veteran Jakarta calls it the Introduction to New Student Campus Life (PKKMB) which is always colored by student creativity and the provision of material by competent speakers in their fields.

Different from the previous year, this year's UPNVJ new students provided interesting and positive attractions as the closing event for the university level PKKMB. A total of 2,957 new students presented a mosaic action at the Cilandak Marine Earth ceremony field, Wednesday 14 August 2019.

The mosaic, which was made with the student coordination movement, displays 3 images, namely the inscription Patribera 2019, the State Defense Campus and the PIKIR work culture logo which is the identity of work culture within the UPNVJ environment.

The attractions, which were carried out for the first time in carrying out the campus introduction, ran smoothly and could be completed in 5 minutes.

This attraction would not have gone according to plan and was successful without the hard work of the committee, student cooperation, enthusiasm and euphoria for the 2019 new students.
