**HumasUPNVJ** - UPN Veteran Jakarta in collaboration with the Indonesian Doctors Association which is supported by the Jakarta Vascular Center and MKEK IDI Center is holding an International Webinar with the theme: " **Multidisciplinary Approach In Covid-19** " which will be held on Saturday, June 20 2020 at 14:00 - 16:30 WIB.

UPNVJ Professor, Prof. Dr. med. dr. Frans Santosa, SpJP, FIHA became *the Provocateur & Speaker* in this webinar . Prof. Frans took the topic " *Stay at home, Stay Healthy, and Stay Safe* ". Apart from Prof. Frans, the Dean of UPNVJ FK, dr. Dr. Prijo Sidiyatomo, Sp. Rad(K) is also one of *the speakers* . dr Prijo took the topic of "*The Radiologist's Role in Covid-19*".

UPNVJ Public Relations had the opportunity to interview dr. Regarding his preparation for this international webinar, Prijo said, "For the preparation, I have prepared very optimally, of course, such as preparing for presentations, etc. And you need to know that during the current pandemic, I feel my activities are much more crowded than before. he said

"In accordance with the topic that I will present, namely: "*The Radiologist's Role in Covid-19*" , I will discuss the role of X-ray or radiology in the current handling of Covid-19. Starting from the usual *imagination* to *imagine* that is far more comprehensive, both in terms of how to use it and what role it plays. continued dr. Prijo

dr. Prijo hopes, "After this webinar is carried out, then what will become a guideline or reference for doctors who handle COVID-19 can be more enlightened so that they can take advantage of the results of this webinar in carrying out their daily work as doctors and not only that, I hope the community Others who

attended this webinar could gain insight into knowledge about how they should behave or deal with the Covid-19 case when it comes into contact with the world of medicine.â€ Close it

This International Webinar is open to the public and only accepts 500 participants and gets a certificate.
