# Let's See, Procedures for Uploading Photos on an LTMPT 2021 Account

Monday, 11 January 2021 13:00 WIB

HumasUPNVJ - Beginning of 2021 is a special time for new students who want to continue their education to the next level, namely lectures. There are many things that need to be considered to start registration for new students, especially now that the Covid-19 pandemic has not yet ended.

Launching the ltmpt.ac.id page, on the 2021 download menu, there is a guide for registering and verifying student accounts at LTMPT in 2021.

To Create an LTMPT Account In the guide that has been explained, the following are the photo requirements used to register for an LTMPT account:

- Passport photo size 4x6 cm with a minimum resolution of 200px X 300px (± 250 dpi) and an aspect ratio of 2:3.

- Passport photo must be in color with a plain colored background of any type JPG/JPEG/PNG. The minimum size of a passport photo is 80 KB.

- The maximum size of a passport photo is 300 KB. The orientation of the passport photo is vertical/portrait. The position of the body and head upright parallel to the camera.

- The quality of the photo must be sharp and in focus. No part of the head is cut off and the face may not be covered with ornaments.

- The head is located in the middle horizontally (the distance from the head to the left is approximately the same as the distance from the head to the right).

After #belanegara friends follow the steps above, please continue the next registration process.
