

Preparation for Limited Face-to-Face Learning (PTM) at UPNVJ

Tuesday, 05 October 2021 16:02 WIB

HumasUPNVJ - Based on the Joint Decree of the Minister of Education and Culture, Minister of Religion, Minister of Health, and Minister of Home Affairs of the Republic of Indonesia Number 03/KB/2021, Number 384 of 2021, Number HK.01.08/MENKES/4242/2021, and Number 440-717 2021 concerning Guidelines for Organizing Learning During the 2019 Coronavirus Disease (COVID-19) Pandemic, we hereby inform that learning in tertiary institutions starting from the odd semester of the 2021/2022 academic year will be held with limited face-to-face learning while still implementing health protocols, and/or online learning. In implementing learning, tertiary institutions must continue to prioritize the health and safety of campus residents (students, lecturers, education staff) and the surrounding community. If face-to-face learning is to be held, be it lectures, practicum, studio, field practice, or other forms of learning, the tertiary institution must comply with the applicable provisions. In line with this, Erna Hernawati, Chancellor of the Jakarta Veterans National Development University (UPNVJ) explained that the campus is ready with all the preparations made, "We on the campus side of course always follow the rules from the Ministry of Education and Culture, UPNVJ prepares many things, starting from strict health protocols in accordance with government regulations as well as complete infrastructure facilities. Please note that this PTM is run with the existing capacity, namely, only 50% for each class. We have also prepared a *smart class room* to make this PTM effective. In the implementation of face-to-face lectures there will only be two sessions per day and there will be a sterilization process every hour, in each class. If later it runs safely and effectively then we will add one more session so a total of 3

sessions per day. Apart from that, we, from the campus, give freedom to parents who if they have not given permission for their children to take part in face-to-face learning so that they still take part in *online learning*. I think we can codify this well, "explained Erna.
