

UPNVJ Together with RSPAD Gatot Soebroto Will Open a Radiology Specialist

Thursday, 23 December 2021 16:30 WIB

HumasUPNVJ - The Jakarta Veterans National Development University (UPNVJ) followed up on the joint work program that had been agreed with the Gatot Soebroto Army Hospital, by holding discussions and realizing the collaboration in the Majapahit Meeting Room, Borobudur hotel, Jakarta on Wednesday (23/12).

The meeting this time discussed cooperation in opening a new UPNVJ medical specialist program, namely Radiology. In addition, cooperation in the form of research and publication of research scientific papers.

In his remarks UPNVJ Chancellor Dr. Erna Hernawati, Ak, CPMA, CA, CGOP said that currently the UPNVJ Faculty of Medicine has obtained Excellent accreditation so there is an opportunity for the UPNVJ Faculty of Medicine to open a specialist program.

"We express our gratitude for the help from our RSPAD friends so far. we hope that this program can be realized quickly. Of course, the role of UPNVJ itself regarding its readiness must all be managed carefully," he said

In addition, the Head of the Gatot Soebroto Army Hospital, Lieutenant General TNI dr. A. Budi Sulistya, Sp.THT-KL., MARS also said that there was a common vision between UPNVJ and RSPAD so that cooperation in this program could be sustainable and well realized later.

"I think there is a similar vision between UPNVJ and RSPAD, one of which is the national defense march, which until now has been broadcast, making me 75% sure I agree. It turns out that UPNVJ is still the same color even though it is a country, namely the development of a globally competitive education with a national defense identity." he said

The head of the Gatot Soebroto Army Hospital also said that he was very appreciative of the chancellor and the dean of the FK for their cooperation so far which was very static and fast. This meeting was also reported to the Army Chief of Staff General Dudung Abdurachman.

"Regarding this program and meeting, I have reported it to Mr. KASAD and he was very supportive and gave directions to continue. This program is a great opportunity that must be collaborated properly," said Lieutenant General TNI dr. A. Budi
