

Improving Graduate Quality, LP3M UPNVJ Signs MoU with LSP P3

Thursday, 24 February 2022 16:54 WIB

Head of the Learning Development and Quality Assurance Institute (LP3M) UPN Veteran Jakarta Satria Yudhia W., SE, MS. Ak. signed a memorandum of understanding (MoU) with the National Integrity Development Counseling Professional Certification Agency (LSP P3) in the UPNVJ LP3M Meeting Room, Thursday (24/February/2022).

Satria said the signing of the MoU was related to the certification of anti-corruption counseling and an Integrity Development Expert. This cooperation is to encourage UPNVJ graduates who are qualified and have values with integrity.

"We have prepared this competency test for students, so that students get competency certification which will be officially issued from BNSP, so that UPNVJ graduates get added points when they face the world of work or industry," he said.

According to Satria, the program will be disseminated to the faculties. Students who wish to take the competency test will not be charged, as long as the quota is available.

Professional certification is an effort to provide recognition for the competence possessed by a person in accordance with the Indonesian National Work Competency Standards (SKKNI), international standards or special standards.

Competency standards are statements that describe the skills, knowledge and attitudes that must be carried out while working and their application, in accordance with the requirements set by the workplace or industry.
