

BEST INTERNAL QUALITY AUDIT PERFORMANCE AWARD (AMI) AT UPN "VETERAN" JAKARTA

Monday, 16 March 2015 09:51 WIB

BEST INTERNAL QUALITY AUDIT PERFORMANCE AWARD (AMI) AT UPN "VETERAN" JAKARTA

In order to motivate Study Programs to improve the Academic quality of Study Programs within UPNVJ, the Best AMI *Performance* Award was held on March 12, 2015

Gd Rectorate Meeting Room. Jenderal Sudirman Lt 2 became the venue for the event. The event which started at 09.00 WIB was opened by reading a Decree which explained that this Award was given to the D3 Accounting Study Program, Bachelor of Accounting and Bachelor of Management in the Faculty of Economics UPNVJ. As the achievements they achieve are solely a process of struggle and development which is symbolized by the awarding of Certificates and coaching funds for each Study Program.

The award was presented by the Chancellor of UPNVJ who also gave the mandate that this award was a good achievement as a form of evaluation for institutions and individuals. Things like this can be carried out every year because there are many benefits to be gained, including to trigger and provide stimulation to other Study Programs to emulate those who have succeeded, to trigger accreditation morale, to provide improvement and development of Study Programs and as self-awareness if one day there is an inspection, you don't need to worry because it's ready.

The hope of this activity is that other Study Programs can emulate or do more than before, hopefully this award can provide positive benefits as well as a place for self-control.
