

COMPARATIVE STUDY OF SATYA NEGARA INDONESIA UNIVERSITY TO UPN "VETERAN" JAKARTA

Wednesday, 18 February 2015 14:41 WIB

This activity was carried out in the context of implementing the signing of the MoU between Satya Negara University of Indonesia and UPNVJ which was carried out a few months ago, as conveyed by Bambang Sulistiyono as Deputy Chancellor III in his remarks when receiving a Comparative Study visit from Satya Negara University students of Indonesia to UPNVJ which was held on the Tuesday, 17 February 2015 which took place in the Rector's Meeting Room Lt. 2 Gd. Gen. Sudirman UPN "Veteran" Jakarta.

The event, which was started by singing the National Defense March, began at 10.30 WIB. Present at this event were Vice Rector III of UPNVJ, Karo Kermawa and his staff, Vice Rector III of Satya Negara University of Indonesia Edi Siregar and representatives of UPNVJ and Satya Negara Indonesia students.

On this occasion, Vice Rector III of the Satya Negara University of Indonesia, Edi Siregar, said that by hearing the explanation given, he was increasingly convinced that he was not wrong in choosing UPNVJ as a comparison material for the Satya Negara University of Indonesia. As the saying goes "Pearls are still pearls, Gold is still gold". There are many kinds of wealth in UPNVJ from all kinds of fields. So, whatever happens is like a pearl, wherever it is, its shine cannot be denied, it still shines.

Hopefully, this comparative study that brings positive goals can be put to good use by both parties, both Universitas Satya Negara Indonesia and UPNVJ and the experiences they get from each party can be shared so that they can be discussed together. Another hope that can be expressed is that collaboration like this can take place every year and can be followed by several other campuses.
