Public RelationsUPNVJ “Chancellor of UPN “Veteran” Jakarta (UPNVJ), Dr. Anter Venus, MA., Comm agreed with the General Chair of the Indonesian Veterans Legion (LVRI), Lt. Gen. TNI (Ret.) HBL Mantiri to organize training on the inheritance of state defense values.

The training will be held involving UPNVJ lecturers as participants. The duration of the training itself was agreed to last five days and be held in the UPNVJ environment.

In principle, the material that will be taught in this training is related to the values of the '45 struggle, such as the value of being willing to sacrifice, love for one's country, never giving up, defending the truth, etc.

The training participants are of course expected to become socializers of the values of the '45 struggle for both UPNVJ lecturers and students. In the future, it is hoped that socializers will become agents of change in strengthening the values of defending the country which are at the heart of the '45 struggle values within the UPNVJ.

Not only that, through this training instructors will also be born to inherit the values of the '45 struggle. Training participants who are deemed to be active in socializing the values of the '45 struggle and are talented to become instructors will be selected again and take part in training to receive certificates to become instructors of the inheritance of state defense values at universities.
