

# Ship Engineering and Electrical Engineering Prepare for Accreditation

Tuesday, 16 January 2024 09:00 WIB

**Public Relations UPNVJ** - In order to improve the quality of education at the Faculty of Engineering (FT) UPN "Veteran" Jakarta (UPNVJ) is carrying out accreditation preparations involving the Marine Engineering and Electrical Engineering Study Programs.

This preparation is the first step in accreditation for the two study programs which was carried out in the Engineering Faculty Meeting Room, on (15/01/24).

In this agenda, the initial preparations were led directly by Dr. Wiwin Sulistyawati, ST, MT, as Head of the Naval Engineering Study Program and Ir. Achmad Zuchriadi P., ST, MT, as Head of the Electrical Engineering Study Program, which was attended by a team of Electrical Engineering and Marine Engineering lecturers.

This preparation focuses on discussing the formation of the accreditation preparation team and the needs that need to be met in order to achieve the accreditation standards desired by each study program.

Active participation from lecturers in conveying a shared vision to improve the quality of education in both study programs through a good process by uniting goals for maximum results.

"The accreditation team will prepare to collect data, compile documents, and ensure that all accreditation requirements are met completely and appropriately," said Dr. Wiwin.

The discussion also includes strategies for maximizing evaluation results in improving the quality of study programs in the future.

"Collaboration between the two study programs is useful for facilitating joint discussions in preparation for accreditation which reflects our commitment to continue improving the quality of technical education at UPN "Veteran" Jakarta. "It is hoped that the success of the accreditation process will have a positive impact on the development and strengthening of our two study programs," added Ir. Achmad Zuchriadi.
