

# Prof. Dr. Ismail Sualman, UiTM Professor Explains How to Make Scientific Work Well and Correctly to UPNVJ Students

Monday, 29 April 2024 11:31 WIB

Public Relations UPNVJ - In an effort to increase faculty accreditation as well as increase student capacity in compiling scientific work which is part of the preparation of final assignments, the presence of guest lecturers who have expertise and expertise is a necessity not only for students but also for faculties, especially when guest lecturers come from well-known universities abroad. In line with this, the Faculty of Social and Political Sciences of UPN "Veteran" Jakarta presented Prof. Dr. Ismail Sualman (Professor at the Faculty of Communication and Media, Universiti Teknologi Mara-Malaysia). The presence of Prof. Ismail also for the purpose of discussing cooperation plans with FISIP UPNVJ, related to collaboration between lecturers and students in teaching and other collaborations, and secondly to discuss organizing a *Workshop* on Preparing Scientific Work for UPNVJ Female Students. (29/4)

The Dean of Social and Political Sciences, Bakti Istiyanto, representing the UPNVJ Chancellor, said that this activity was quite an important activity, "I think this activity is a very important and good activity because it has a lot of *output* and can also provide good respect for Prof.'s guests. Dr. "Ismail Sualman (Professor at the Faculty of Communication and Media, UiTM-Malaysia)," he said in his speech

"We are holding this workshop with various objectives, including increasing the accreditation of FISIP UPNVJ through a collaboration program between universities, collaborating between universities in the field of educational development in order to increase the capacity of each university, encouraging cooperation in the field of exchange of lecturers and students in learning. and teaching at each university, increasing student capacity through *workshops* on preparing scientific papers by Prof. Dr. "Ismail Sualman (Professor at the Faculty of Communication and Media, UiTM-Malaysia) and the *sharing* of new methods and information for students to make it easier to compose scientific work," he continued.

Prof. Dr. Ismail Sualman explained in detail the methods and methods of how to make good and interesting scientific work for students, and at the end of the session, many participants enthusiastically discussed with Prof. Dr. Ismail Sualman.

This activity took place at the UPNVJ Bhinneka Tunggal Ika Auditorium and was attended by approximately 250 participants, including UPNVJ students and lecturers. (\*s)
