

UPNVJ Determines 119 New Students for the 2024 SNBP Pathway to Receive KIP College

Wednesday, 22 May 2024 12:55 WIB

Public Relations UPNVJ - After going through several stages, the Jakarta "Veteran" National Development University (UPNVJ) determined that 119 prospective new students from the National Selection Based on Achievement (SNBP) route received the Indonesia Smart College Card.

"In this year's SNBP, we have determined 119 prospective new students to be recipients of KIP Tuition assistance from a total of 224 registrants," said UPNVJ Deputy Chancellor for Student Affairs and Cooperation, Dr. Ria Maria Theresa on Monday, May 20 2024.

Since 2020, the government has provided educational assistance to more than 150,000 students accepted into higher education, including those with disabilities, in the form of KIP Kuliah as proof of the state's presence in helping people gain access and guaranteed financing for higher education.

Ria also said that the main benefit of KIP Kuliah Merdeka is the guarantee of education costs which are paid directly to the university based on Study Program Accreditation (Prodi). Apart from that, living expenses assistance will also be provided for selected KIP Kuliah Merdeka recipient students.

"The living cost assistance is completely the student's right so it is transferred directly to the recipient's student account. Students can use this assistance to meet various needs during college and the university cannot use it for any additional costs," explained Ria.

Ria also explained that the cost support provided has two components, namely living costs which are transferred to the recipient's account with a total of IDR 8,400,000 per semester or six months, and Single Tuition Fees (UKT) which are paid to UPNVJ, determined based on the non-UKT average. KIP-Kuliah recipients and maximum fees based on study program accreditation.

Determination of KIPK recipients

There are several basic determinations for prospective new students who are entitled to receive KIPK.

- a. Student holders or owners of secondary education KIP
