The National Defense Exam will be held on Wednesday, June 26 2024 in two sessions, a morning session and an afternoon session.

Dr. Henry Binsar, Deputy Chancellor for Academic Affairs at UPNVJ, gave guidance before the exam to all officers involved, such as supervisors, *help desk* and technicians. "This activity is a routine activity held every year by UPNVJ. "Of course, those of us who are involved will bring a good name to our campus," he said

"We hope that everyone involved can carry out their respective duties as well as possible, in accordance with existing SOPs and regulations. "All of us, especially those who are given the responsibility as supervisors, have a very crucial duty to monitor prospective new students so that they can be responsible for carrying out this exam, to be honest so that no one cheats," he continued.

UPNVJ's penmaru coordinator, Fajar Nugroho, also added that this state defense exam activity had been prepared completely, from a technical perspective such as internet, *zoom* , staff on duty, supervisor's room and all other things related to the implementation of the exam.

"Previously, the ladies and gentlemen on duty have also carried out trials so we hope it can make things easier for the officers and all the teams on duty. Because this exam is held *online* , there may be several opportunities that participants are afraid of misuse, therefore as supervisors we must anticipate this. "Ladies and gentlemen must focus and concentrate in this state defense exam activity," stressed Fajar

"For each room, we have assigned several officers, such as technicians and *help desk* .

"If there are technical problems, we have arranged everything in such a way that we can *handle it well*," concluded Fajar in his briefing.
