

1,298 Participants Take Drug-Free and Color Blind Health Tests at UPNVJ

Thursday, 11 July 2024 13:55 WIB

Public Relations UPNVJ - Jakarta "Veteran" National Development University is again holding a health test for prospective new students (CAMABA) who pass the Independent Selection (SEMA) and Independent Selection Entrance to Western Region State Universities (SMMPTN-Barat) 2024 UPNVJ West BKS-PTN Consortium .

Based on a report from UPNVJ New Student Admissions Coordinator Fajar Nugroho, there are 1,298 participants who are required to take a health test this Thursday, July 11 2024.

"The total number of people who are required to take medical tests is 1298. The data is divided from two channels, namely West SMMPTN, which is 97 people and 1,201 others from SEMA UPNVJ," explained Fajar when giving instructions in front of doctors and health officers at the MerCe Building, Faculty of Medicine, Campus. UPNVJ Limo.

At the same time, dr. Andreas Wongso as one of the UPNVJ health team asked officers to be more careful in checking documents and convey back to participants that test results must be uploaded to the page www.penbesaran.upnvj.ac.id.

Today's health tests include free tests for narcotics and dangerous drugs/substances consisting of Amphetamine, Methamphetamine, Cocaine, Morphine, Marijuana and Benzodiazepine. Apart from that, there is also a special color blindness test for prospective new students at the UPNVJ Faculty of Medicine.
