

KTM Photo Activities and Distribution of Attributes for New Students on the SNBP Pathway Run Orderly and Smoothly

Wednesday, 07 August 2024 23:57 WIB

Public Relations UPNVJ - The Jakarta "Veteran" National Development University (UPNVJ) new student admissions team is currently holding activities to take photos of Student Identity Cards (KTM) and distribute other attributes for new students for the 2024/2025 academic year.

The activity will last for three days starting from Wednesday 7 August 2024 to Friday 9 August 2024 in the UPNVJ Rectorate Building, Bhinneka Tunggal Ika Hall. This activity is part of a series of New Student Admissions (PMB) for the 2024/2025 academic year and was enthusiastically attended by new UPNVJ students.

"We have scheduled taking KTM photos and verifying this data for 3 days, for new students on the SNBP route on August 7 2024, SNBT is scheduled on August 8 2024, and Independent Selection (SEMA), West SMMPTN on August 9 2024." Said the Chief Executive, Arisandi Nugraha.

On the first day, 859 participants from the National Selection Based on Achievement (SNBP) pathway attended and 29 participants did not attend. "In the process, prospective new students must go through several stages. Starting from file validation, taking KTM photos. "A total of 859 participants from the SNBP pathway attended the activity and 29 new students were unable to attend," he explained.

This birthday registration process has experienced significant progress. From year to year, the university always makes improvements to every process. So, new students and parents/guardians who accompany them feel comfortable and are not confused by the system. "We try to make the process run orderly, smoothly and neatly. "Every year, we always improve the process," he explained.

The KTM that will be received by new students will function as an ATM, TapCash, and can also be used for various other banking services, such as consumer product services and consumer lending facilities.
