

SNBP 2025 Registration Mechanism Guide for Eligible Students

Monday, 10 February 2025 08:23 WIB

National Selection Based on Achievement or SNBP is the first path in the 2025 National Selection for New Student Admissions (SNPMB) based on academic and non-academic achievements that have been achieved during school. Registration for SNBP 2025 will last for two weeks, namely on February 4-18, 2025.

Participants are high school/vocational high school/Islamic high school/equivalent students who are registered as eligible students. With a long time span, eligible students who wish to register at State Universities (PTN) can consider many things before registering.

After deciding on the major and the State University they are aiming for, eligible students can register by referring to the 2025 SNBP registration mechanism guide. There are technical matters that students need to pay attention to.

The 2025 SNBP registration mechanism guide can be viewed by eligible students as a reference for what stages must be carried out in this selection. By knowing the registration procedure, eligible students are expected not to make mistakes and not rush in finalizing their SNPMB accounts.

SNBP 2025 Registration Stages

High school/vocational school/Islamic high school/equivalent students who are entitled to register for SNBP 2025 are those who fall into the eligible category.

There are three points of criteria for students registering for SNBP. First, students have been declared eligible students by the school. Second, students have a permanent SNPMB account. Third, students have complete PDSS scores that have been filled in and finalized by their respective schools.

If they have met the three criteria, students can register for the 2025 National Achievement-Based Selection (SNBP) via the official SNPMB portal page <https://snbp.snpmb.id/>

Procedures for registering for SNBP 2025

1. Visit the SNBP 2025 portal <https://snbp.snpmb.id/>.
2. Login using the email and password of the SNPMB 2025 account that has been registered. If you meet the requirements for SNBP 2025 registration students, a profile page will appear.
3. Complete the parent data on the profile page
4. Start registering for SNBP by filling in the study program (prodi), click the "Choices" menu.
5. Select State Universities (PTN)/State Polytechnics, then select the desired study program. Students can choose a maximum of 2 study programs with one of the PTNs located in the same province as the school, if

only choosing 1 study program is allowed to choose in any province.

6. Click 'save all choices' if you have ensured that your study program choices are correct.

7. Fill out the portfolio in the "Portfolio" menu. The portfolio is only filled out by students who choose the arts and sports study program. If the study program chosen does not require a portfolio, then this page does not need to be filled out.

8. Complete the achievements on the "Achievements" page if any, this is optional with a maximum of 3 achievement uploads.

9. Finalize on the "Finalization" page. Make sure that all the data that has been listed is correct and there is nothing wrong. This is because the data cannot be changed or canceled if the student has finalized.

10. Download and print the 2025 SNBP participant card. The SNBP registration process has been completed.
