UPNVJ Public Relations - Veteran National Development University Jakarta (UPNVJ) is once again holding the 2025 Learning, Ethics, Collaboration, and Creativity Stimulation Program (PROSPEKTIV) for all new students of the 2025/2026 Academic Year. This mandatory activity, attended by 4,670 new students, was held online via Zoom on Saturday, October 25, 2025.

PROSPEKTIV serves as a platform for introducing the core academic values and character of *National Defense*, which serve as the foundation of learning at UPNVJ. Through this activity, new students are expected to cultivate a spirit of learning with integrity, adaptability, and collaboration in facing global challenges.

This year, UPNVJ is presenting a lineup of credible speakers and experts in their fields to provide various inspiring resources. The material presented covers seven main topics:

This interactive learning method was designed to ensure participants not only understood the theory but also implemented the knowledge gained in the webinar in their academic and social lives.

The implementation of PROSPEKTIV 2025 is also an important momentum for UPNVJ to emphasize its commitment to developing a young generation with character, critical thinking, and global competitiveness in accordance with the spirit of National Defense and the university's vision of becoming a World Class University.

PROSPEKTIV 2025 is expected to be the first step for new UPNVJ students to adapt to the campus environment, build academic networks, and prepare themselves to become innovative and high-integrity learners.
