

UPNVJ Notches Achievement: Achieves Informative Predicate and National Top 10 Out of 387 Public Agencies

Monday, 15 December 2025 16:15 WIB

UPNVJ Public Relations - Veteran National Development University Jakarta (UPNVJ) has once again achieved a proud achievement by winning the Informative title at the 2025 Public Information Openness Award held by the Central Information Commission of the Republic of Indonesia (KIP RI).

The award ceremony took place on Monday, December 15, 2025, at the Birawa Assembly Hall, Bidakara Hotel, Jakarta. UPNVJ Rector, Prof. Dr. Anter Venus, MA, Comm, was present to receive the award, accompanied by the Head of the Public Relations, Integrated Services, and Public Information Working Team, Dr. Firdaus Noor, and members of the Integrated Services Unit, Bambang Suryoprayogo, SIKom.

UPNVJ's Informative predicate is the result of the Self-Assessment Questionnaire (SAQ) verification process, which was declared passed based on the Decree of the Indonesian KIP Number 06/KEP/KIP/VIII/2025. This process is the result of hard work from all service and information managers at UPNVJ. UPNVJ achieved the Informative predicate after obtaining a total score of 97.75 percent from the combined results of the SAQ verification and Public Test.

Prof. Venus stated that public information disclosure at UPNVJ is not implemented solely to meet standards set by the Central Information Commission, but rather as part of the institution's commitment to implementing good university governance based on the principles of *good university governance*. According to her, information disclosure is a crucial prerequisite for managing an accountable and transparent institution.

"For us, being an informative institution is a necessity. Openness to the public regarding various university policies and management is part of implementing our service principles," said the Rector.

Prof. Venus emphasized that the SAQ form was filled out based on facts and actual practices implemented within UPNVJ. She also commended the public relations and integrated services departments for their role as the vanguard. "All administrators have worked optimally to realize UPNVJ as an informative university," added Prof. Dr. Anter Venus, MA, Comm.

The 2025 Public Agency Information Disclosure Monitoring and Evaluation (M&E) and Self-Assessment Questionnaire (SAQ) involved 387 public agencies across various categories. These included 48 ministries, 46 state institutions and non-ministerial government agencies, and 35 non-structural institutions. Additionally, 38 provincial governments, 63 state-owned enterprises, 149 state universities, and eight political parties participated.

This achievement reinforces UPNVJ's vision as a transparent and responsive national defense campus. From the Rector's perspective, this Informative designation is a logical consequence of ongoing policies to build an integrated information system, enhance public trust, and support the achievement of quality higher education governance.
