

# UPNVJ Introduces 2026 New Student Admissions Pattern at Dian Didaktika Islamic High School

Wednesday, 14 January 2026 16:08 WIB

**UPNVJ Public Relations** - Veteran National Development University Jakarta (UPNVJ) held a socialization of new student admissions in 2026 at the Expo Campus of Dian Didaktika Islamic High School, Cinere, Depok, on Wednesday, January 14, 2026. The event was attended by hundreds of grade XII students along with their parents and teachers, with a focus on the independent selection pathway, faculties, campus facilities, and education costs. This socialization is part of a series of UPNVJ visits to ten schools in Jakarta, Bogor, Depok, Tangerang, and Bekasi throughout January 2026, aimed at helping students prepare strategies to pass the selection amidst the tight competition to enter state universities.

UPNVJ Public Relations Representative, Disa Prihantini, outlined the admission process, including the SNBP (National Selection for National Admission), SNBT (National Test for National Admission), and the UTBK (Competency Test for National Admission), including the UPNVJ Independent Selection (SEMA), which prioritizes non-academic achievements and a written exam. She explained the registration process, selection stages, and tips for choosing a study program based on interests and talents, such as medicine or communication science, which are popular with students.

The participants' enthusiasm was evident in the active question and answer session about scholarships and campus life, as well as the interactive quizzes that enlivened the event in the school auditorium.

The organizing committee of Campus Expo 2026, Dini Pramesti, stated that many students at Dian Didaktika Islamic High School prioritize UPNVJ due to its proximity and quality of education. "Year after year, many of our alumni have been accepted into various faculties at UPNVJ without choosing other state universities outside the city. This outreach strengthens their interest," she said in an interview with the UPNVJ Public Relations team.

This activity strengthens the synergy between secondary schools and universities to support students' continued studies.
