

UTBK-SNBT 2026 Begins April 21, UPNVJ Urges Participants to Check Campus and Examination Rooms

Tuesday, 14 April 2026 15:34 WIB

UPNVJ Public Relations â€“ Veteran National Development University Jakarta (UPNVJ) has declared its readiness as one of the centers for the implementation of the 2026 Computer-Based Written Examination for the National Selection Based on Test (UTBK-SNBT) which will begin on April 21 - May 2, 2026. Through the official information released, the campus emphasized the importance of participants understanding the location and examination room to avoid delays on the day of implementation.

As in previous years, the exam will be held at the UPNVJ UTBK Center in **two main locations** : **the Pondok Labu Campus (South Jakarta)** and **the Limo Campus (Depok)** . UPNVJ consistently uses these two locations for the UTBK, so participants should ensure that the campus they are attending matches the information on their exam cards. The recommendation to check the location in advance is also in line with UPNVJ's guidance for participants to familiarize themselves with the exam room and location the day before the test.

At the Limo Campus, the exams are spread across several locations, including the Limo Hall of the Faculty of Engineering Building, the Computer Room of the Faculty of Engineering Building, the CBT room in the Merce Building of the Faculty of Medicine, and the CBT room in the Faculty of Health Sciences Building. At the Pondok Labu Campus, the exam locations include the Ki Hajar Dewantara Building, Dr. Soetomo Building, Dr. Cipto Mangunkusumo Building, Moh. Husni Thamrin Building, Mr. Moh. Yamin Building, and Yos Sudarso Building. This arrangement of locations demonstrates the readiness of UPNVJ facilities to support the smooth implementation of computer-based exams on the two campuses. Official UPNVJ references also indicate that the implementation of the UTBK on this campus is indeed supported by the distribution of exam rooms across several academic buildings.

UPNVJ emphasizes that careful examination of the exam card is crucial due to the significant distance between the Pondok Labu and Limo campuses. Previous years' experience has shown that some participants still arrive at the wrong location. Therefore, participants are advised to not only check the exam room name but also the campus, travel route, and estimated travel time before the day.

In addition to confirming the location, participants are also advised to arrive early to anticipate traffic congestion and the registration process before the exam begins. Participant readiness in administrative and technical aspects will significantly contribute to the smooth implementation of the UTBK-SNBT on campus. With the support of facilities, experience in organizing, and coordination between the committees on both campuses, UPNVJ is optimistic that the 2026 UTBK-SNBT will proceed in an orderly, safe, and smooth manner.
