

UTBK-SNBT 2026 Officially Begins, UPNVJ Limo Campus Ensures Optimal Participant Access and Services

Tuesday, 21 April 2026 14:49 WIB

UPNVJ Public Relations — The first day of the 2026 Computer-Based Written Examination for the National Selection Based on Test (UTBK-SNBT) at the National Development University “Veteran” Jakarta (UPNVJ) Limo Campus went smoothly on Tuesday (April 21, 2026). This year, UPNVJ is again the center for the UTBK-SNBT at two locations: the Pondok Labu Campus in South Jakarta and the Limo Campus in Depok. The national implementation of the 2026 UTBK-SNBT itself will take place on April 21-30, 2026.

The Location Manager (P JL) of UTBK-SNBT UPNVJ Limo Campus, Dr. Sri Yani, SST.FT, Ftr, M.Si, explained that a number of adjustments have been made to improve participant comfort and convenience during the exam. One of the main concerns is the aspect of facilities and infrastructure that are increasingly supportive, including access for participants with special needs who require lifts. The name and position of Dr. Sri Yani as Dean of the Faculty of Health Sciences UPNVJ are also listed on the official channels of UPNVJ and FIKES UPNVJ.

The examination rooms at the UTBK-SNBT Center of UPNVJ Limo Campus are spread across several buildings, namely the Limo Hall of the Faculty of Engineering Building which includes the Tanah Airku Hall A and Tanah Airku Hall B on the 5th floor, the Faculty of Engineering Building on the 3rd floor, the Merce FK Building which includes the CBT FK Limo A and CBT FK Limo B, as well as the Faculty of Health Sciences Building with the CBT FIKES Limo Room on the 2nd floor.

"We've been preparing for this event for a long time, about a month. As of yesterday, the UPNVJ Limo UTBK-SNBT implementation area had been sterilized," said Dr. Sri Yani.

According to him, this preparation includes site planning, exam room conditioning, and technical support to ensure the exam runs smoothly, safely, and meets standards. This step aligns with UPNVJ's commitment as a nationally recognized exam center, which previously stated it had prepared 29 exam rooms and 1,020 computers for the 2026 UTBK-SNBT.

UPNVJ also previously urged participants to check the campus and exam room locations beforehand, considering that the UTBK-SNBT exam is being held at UPNVJ across two main locations: the Pondok Labu Campus and the Limo Campus. This recommendation is crucial to prevent location errors and ensure a smooth arrival for participants on exam day.

"As the organizers entrusted by the National Student Admissions Selection Committee, we will certainly provide our best as an examination center to support the smooth implementation of the 2026 UTBK-SNBT. We hope all participants can answer the questions fluently, arrive on time, complete the exam without any issues, and be accepted into their dream campus," concluded Dr. Sri Yani.

The smooth running of the first day of the 2026 UTBK-SNBT at the Limo Campus underscores UPNVJ's readiness to provide orderly, inclusive, and participant-focused selection services. For UPNVJ, the quality of academic services, such as the UTBK-SNBT, is part of the institution's commitment to providing professional, adaptive, and integrated higher education governance, in line with the university leadership's ongoing drive for service quality improvement.
