

Participants praised the 2026 UTBK-SNBT at UPNVJ Limo, with the exam process deemed clear and orderly.

Wednesday, 22 April 2026 12:28 WIB

UPNVJ Public Relations – The second day of the 2026 National Selection Based on Test (UTBK-SNBT) Computer-Based Written Examination at the Limo Campus of the National Development University – Veteran Jakarta (UPNVJ) received praise from participants. One such appreciation came from Prisca Rachmita Andeansyah Putri, an alumna of SMA Negeri 71 Jakarta, who assessed that the committee service at the exam location was responsive, orderly, and helped ensure participant comfort. Prisca expressed her appreciation after taking the exam on Wednesday (April 22, 2026).

Prisca said the committee at UPNVJ Limo was quick to anticipate unpredictable weather conditions by preparing a waiting room for participants. This facility is considered to provide greater comfort, especially during the extreme heat during the day.

"I appreciate the responsiveness of the organizing committee at UPNVJ Limo. We know the weather is very extreme right now, with heavy rain and scorching heat during the day. UPNVJ Limo was very responsive in providing a waiting room so that we, as participants, felt comfortable, not overheated, and not stressed by the scorching sun," said Prisca.

In addition to the comfort of the facilities, Prisca also assessed that the exam process at the location was clear and well-organized. She noted that each step participants had to go through was well-organized, from temperature checks and document verification to easy-to-understand directions and location maps.

"The process was also clear. We went through a temperature check first, then document verification. Everything was very well-organized, including a clear map of the location," he said.

The participant, known as Prisca, admitted that she took the 2026 UTBK-SNBT with the hope of continuing her studies in the International Relations program at her chosen state university. Amidst the intense selection competition, she also offered encouragement to fellow participants struggling to pass the exam.

"To all the UTBK-SNBT 2026 fighters, keep up the good work. May we achieve the results that befit our efforts," he said.

This appreciation from participants demonstrates that the implementation of the 2026 UTBK-SNBT at UPNVJ emphasizes not only procedural compliance but also service and comfort. Supportive facilities, a clear process, and the preparedness of the committee are crucial in creating a conducive exam environment for all participants.
